Product Features	TreeAge Pro Business	TreeAge Pro Healthcare
Start Fast, Quickly Advance		
Model Building Assistants	✔	✔
Example Models	✔	✔
Model Setup Wizard	✔	✔
Visual Design, No Coding Knowledge Required		
Build Pathways in a Visual Model Editor	✔	✔
Add Model Inputs Directly Into Pathways; No Coding Required	✔	✔
Model Types		
Decision Trees	✔	✔
Markov Models		✔
State Transition Diagrams		✔
Partitioned Survival Analysis		✔
Patient Simulation (Microsimulation)		✔
Discrete Event Simulation		✔
Built-In Analyses and Reporting		
Decision Analysis	✔	✔
Cost-Effectiveness Analysis		✔
Detailed Markov Cohort Reporting to track patient flows		✔
Tunnels to track Time-in-State		✔
Sensitivity Analysis (1-way, 2-way, Tornado)	✔	✔
Probabilistic Sensitivity Analysis (Acceptability Curve, ICE Scatterplot, etc.)	✔	✔
Budget Impact Analysis	✔	✔
Calibration	✔	✔
Transparency		
Detailed Markov Trace Report		✔
Patient Tracking Reports for Simulations		✔
Model Dashboard	✔	✔
Console to Review Model Calculations	✔	✔
Model Search Tool	✔	✔
Communication		
Markov To Excel Conversion		✔
Scenario Export to Excel		✔
Export to Player Model		✔
